

OCF Ambassador Application

Return completed Ambassador Application to meetups@openconnectivity.org

Thank you for your interest in becoming an Open Connectivity Foundation (OCF) Ambassador.

Ambassador Profile

The goal of the OCF Ambassadors program is to sustain and grow the worldwide OCF community. Ambassadors are enthusiastic experts who know and can speak to the OCF specification, IoTivity and/or AllJoyn code, and who are willing to share that knowledge with others around the world.

OCF Ambassadors represent the work being conducted throughout OCF and provide a point of contact for those looking to get involved in developing products.

OCF membership is required.

Selection Process

Apply using the form below. Ambassadors will be selected by the Marketing Communications Work Group from those who apply with a small number of OCF Ambassadors selected to be the primary point of contact in a particular region.

Role

- Be a local go-to resource for people interested in OCF Specification, IoTivity and/or AllJoyn code
- Help local users learn more about OCF
 - Organize and host local OCF meetups
- Be a public representative in the community

OCF Ambassador Application

First Name *

Last Name *

Email *

Member Company *

Where do you live? *

There are certain countries where we're seeing a lot of interest so it helps to know where you're located.

Why are you applying to be an OCF Ambassador? *

How have you participated in the OCF community? *

What ideas do you have for your meetup community that you wish you had time or resources to implement? *

How will you work with others to achieve your goals? *

Please provide any additional information to aid in reviewing your application.
